HOME-SCHOOL TIE STRESSED

BROUGHT OUT AT PARENT-TEACHER LEADERSHIP MEETING.

MISS HAYES LEADER

Work of Local Organizations Discussed Today—Mothers Fail to Keep Astride of the Times.

Co-operation between the home and the school in all fields that can prove of benefit to the child was impressed upon the minds of the delegates that are attending the Parent-Teacher Association Leadership meetings, which are being held at the College, Wednesday, Thursday and Friday of this week.

The meetings are led by Miss Frances Hayes, national field secretary, and the work has been divided into three groups. On Thursday afternoon the question of the Parent-Teacher work in relation to the national organization was discussed.

Yesterday the subject of the relationship with the state organization was taken as the theme.

Today the work of the local organizations, their programs, purposes, and activities, were discussed.

The responsibility for the deterioration of the home-life of America at the present time was laid at the door of the mothers, who have failed to keep stride with the advancing times. The children of today are of the finest type and it is the parents who have failed to adjust themselves to conditions of the present times. The fact that if the parents would take more of an interest in the affairs of the child at the present time and would co-operate in guiding the child along the right paths, were stressed by the delegates. It is for this purpose that the Parent-Teachers' Association has been formed.

Miss Hayes, in her talks to the convention, stated that under no circumstances should the local meetings of the Parent-Teacher be held late at night. The people should plan to hold them early in the evening or in the afternoon so that the children may get plenty of rest.

It was also pointed out that the children should not take part on the programs for mere entertainment but rather should do work that would illustrate to the parents the new methods that are employed in teaching in the schools.

The programs at the local meetings should be instructive rather than entertaining. They should all bear in mind the fact that they are for the purpose of teaching the mothers how to more closely co-operate with the schools in the building up of good moral and educational principles in the children.

Mrs. E. R. Weeks, founder of the Missouri branch of the Parent-Teachers Association, is one of the delegates at the convention.

Several of the delegates have been asked to address various classes at the College and to point out the method of forming and conducting local Parent-Teacher Association.

Former Student Here Dies at Omaha, Neb.

Miss Mildred Rowlley Succumbs Suddenly At Home of Her Aunt While On Way From Rochester.

Miss Mildred Rowlley, a former student at the State Teachers College died suddenly last night at the home of her aunt, Mrs. Edward Crator, in Omaha while on her way home from Rochester, Minn. The young woman's death occurred about 10 o'clock. Miss Rowlley, accompanied by her father, Edward Rowlley, went to Rochester two weeks ago from Maryville to undergo an operation for gall stones and appendicitis. The body will be taken to Freemont, Neb., the old home for burial.

While attending College in Maryville Miss Rowlley occupied light-housekeeping rooms at the James Kenney home, 422 West Sixth street. Besides her parents she is survived by one sister, Miss Edith Rowlley. Miss Rowlley formerly attended the University of Nebraska.

Mail Clerk Killed When Auto Overturns

Louisiana, Mo., June 5.—Fenton J. Fry, railway clerk of Webster Groves, was instantly killed ten miles south of here today when his automobile overturned and crashed into a telephone pole. Fry's neck was broken.

Grant City Man Is Drowned in River

Ray Arnold is Victim While Swimming in Grand River Near Freeman Bridge in Grant City Community.

Ray Arnold, about 21 years old, son of Mr. and Mrs. Dal Arnold, south of Grant City, was drowned yesterday afternoon while swimming in the Grand River near the Freeman bridge in the Grant City community.

Arnold was with two other boys, Doyle Claypool and Kenneth Martin. He was taken with cramps and drowned and his body was not found until about 10 o'clock this morning when it was discovered about a half mile south of the scene of the accident in a tree that was in the river.

Mr. Arnold is survived by his wife and two sisters. No funeral services have been arranged for as yet. The drowning took place in the same community in Worth County where Sam Goodwin was killed by lightning Monday afternoon.

SHIP MAY FLY OVER COUNTY

LOS ANGELES ROUTED FROM DES MOINES TO ST. JOSEPH.

IS DUE JUNE 8 OR 9

Huge Dirigible May Follow Great Western Route Into Missouri On Way To Kansas City.

The huge navy dirigible, Los Angeles may pass over the eastern part of Nodaway County June 8 or 9, according to a Washington dispatch giving the routing of the big ship from La Crosse, Wisc., to Lakehurst, N. J.

The schedule, as approved by the officers at Lakehurst, and announced in Washington, is to include these points in the order named:

La Crosse, Wisc., Madison, Wisc., Des Moines, Ia., St. Joseph, Kansas City, St. Louis, Springfield, Ill., Lafayette, Ind., Indianapolis, Dayton, Columbus, Zanesville, Ohio, Wheeling, W. Va., and Lakehurst.

Although it is not known definitely what route the big ship will follow from Des Moines to St. Joseph, there is a probability that it will follow the Great Western railroad and in this case would fly over the eastern part of Nodaway County.

The big ship will fly over Missouri either early the ginht of June 8 or the morning of June 9, according to the Washington dispatch.

Richards to Chicago.

C. T. Richards, superintendent of the Pattonsburg, Mo., schools, who has been visiting friends in Maryville, will leave June 18 to enroll in the University of Chicago to begin work on his Master's degree in education. Mr. Richards is a graduate of the College here and was a prominent athlete and student while here.

In Tax War

Since the Illinois legislature refused to reapportion legislative districts, placing Chicago at a disadvantage in the state assembly, the Cook county commissioners voted not to turn over to the state treasury any state taxes they collect in Chicago. The action was sponsored by Mrs. Edward W. Bemis, only woman member of the board.

75 TEACHERS TAKE EXAMS

EXAMINATIONS ARE TO BE HELD TOMORROW.

41 FROM THIS COUNTY

State Fair School Examinations Will Commence at 9 o'Clock Tomorrow Morning.

Approximately seventy-five registered this morning for teachers' examinations, Leslie G. Somerville, county superintendent of schools, said this morning.

The teachers' examinations are being held at the auditorium of the Maryville High School building. Examinations were given all today and will be conducted tomorrow also by Mr. Somerville. He said that he had no idea how many would come in tomorrow to take the examinations.

The seventy-five were taking examinations for the issuance of first, second and third grade certificates. A third grade certificate holds good for only one year, a second grade certificate for two years and a first grade certificate entitles the holder to teach for three years.

Mr. Somerville announced this morning that the state fair school examinations will be conducted at the High School building, starting at 9 o'clock tomorrow morning. Those competing for the free trip to the state fair school at Sedalia in August, at the time of the Missouri state fair, must be 16 years or under, and must live on a farm, attend a school or be a member of some boys' and girls' club organization. Examinations in agriculture, arithmetic and geography will be given.

Of the names of those who had registered at 11 o'clock this morning, Nodaway County had by far the largest number, forty-two. Those who took the examinations this morning are as follows:

Andrew County: Dixie Gottschall, Amity; C. C. Adams, Rea.

Atchison County: Hallie Field, Mound City.

Buchanan County: Mrs. Leonard Jones, Maryville; Theodore Gibson, Gower; Mildred Regan, DeKalb.

12-Year-Old Girl Wants to Find Home

An orphan girl, 12 years old, and from a good family, wants a home where she can work and go to school. The Rev. C. J. Barham, district superintendent of the Children's Home Society of Missouri, with headquarters in St. Joseph, is in Maryville today trying to find a home for this little girl. He said that any interested family can get in touch with him at 1004 South Fourteenth street, St. Joseph.

MEN'S CLASS BENEFITS TOLD

ABOUT 150 MEMBERS AT DINNER LAST NIGHT.

BIG INTEREST SHOWN

Average Attendance Since January 1 Has Been 120, According to Report of Teacher—Program Given.

Benefits of the Men's Bible Class of the First Christian Church to the College, community and church were discussed last night at a dinner and meeting of the members of this class. About 150 were present. The dinner and meeting was held in the dining room of the church.

Some suggestions were made as to how the class, made up of about 125 men, could be of greater service to the community. These problems were discussed by the Rev. R. E. Snodgrass, pastor and teacher, Dr. Fred Keller of the State Teachers College, W. E. Goforth, an officer of the church board, the Rev. J. T. Alsup, pastor of the Elmo and Ravenwood Christian churches, S. M. Stanley, president of the class, and George C. Butts.

The dinner was given by Ben F. Mehr of the local office of the Marland Refining Co. P. C. Wilson and Roy Brown, officers of this company, were present at the meeting last night, and made short speeches telling of the advantages of an organization, such as the Men's Bible Class.

Musical numbers were furnished by the class orchestra, Mrs. Lawrence Mehr of Chicago, and Price Doyle, present musical director at the church.

A report by the Rev. R. E. Snodgrass showed that the average attendance at the class since the first of the year has been 120, which makes it one of the largest organizations of its kind in the state. The class has shown a consistant growth during the last three or four years. During the last year, several contests have been held which have served to increase the interest in the class, it was pointed out at the meeting last night. A definite program of community work is now under consideration and plans are being made to increase the attendance at the class.

A resolution was passed thanking Mr. Mehr for the dinner and also complimenting the Marland Refining Co., on its high-type employes.

Receives Word of Death of N. Livasy

Mrs. J. R. Braniger received word this morning of the death of her uncle, Newton Livasy at Redfield, Ia., last night. The message contained no particulars concerning the cause of death. Funeral services will be held at Redfield tomorrow afternoon.

Mr. Livasy lived in this county a number of years ago. He was a resident of the Pickering community about thirty years ago.

Trying to Find Jobs for All Unemployed

Jefferson City, June 5.—Roy B. Hinkle, state labor commissioner, is trying to find a job for every unemployed person in the state.

"The department, with its branches in St. Louis, Kansas City and St. Joseph, is making an effort to find work for the unemployed men and women," he said today.

PAVING JOB IS FINISHED

CONCRETE RUN UP TO NORTH END OF NORTH MAIN STREET.

IS OVER TWO MILES

Atkinson Paving Co. Will Probably Move Equipment to Stewartsville Where It Has 10-Mile Job.

At 4 o'clock this afternoon the Atkinson Paving Co. expected to run concrete up to the north end of the brick paving on North Main street, thus completing the 2.2 miles concrete job on highway 18 north out of Maryville.

Paving operations commenced May 15. The paving company of Watertown, S. Dak., has moved along at a rapid rate since that time, deducting delays for rain and mechanical difficulties.

This project that the Atkinson Paving Co. finished today completes the paving work this company has at the present time in Nodaway County. It is expected that the concern will immediately move its machinery and equipment to Stewartsville where it has a contract with the state to put in ten miles of eighteen foot concrete paving in that vicinity. This ten-mile stretch is already graded and ready to be paved.

The Atkinson Paving Co. had its plant at Arkoe up to December, while seven miles of concrete paving was constructed on highway 27 south out of Maryville. It was then moved to Maryville and the plant established adjacent to the Wabash freight depot, where the materials were received. A mammoth pile of crushed rock and also of sand dumped there has gradually been diminishing until practically nothing remains of it as the north concrete job was finished.

There yet remains a little more than seventy lineal feet of paving to be laid on the 2.2 mile project north of Maryville as this week a stretch of paving was damaged during a heavy rain and the big fill there settled over which concrete had been laid the same day.

The stretch in the highway may be constructed later on by the Atkinson Paving Co. with a small outfit or the job subletted to another concern. No information could be secured today as to when the 2.2 miles of paving north of Maryville will be opened to traffic, but it is understood that the job will have to be fully completed and the concrete given time to set, which in all probability will be from thirty to forty days.

The paving coming into the city on the north road, No. 18, is widened four feet at the curve, which is somewhat in an "S" shape and the curve banked up. As the concern has equipment for putting down only eighteen foot jobs, the extra four feet was put in by hand on the turn of the highway into the city.

New Stamps Received at Postoffice Here

Shipment Includes 15 and 20-Cent Special Delivery and 25-Cent "Special Handling" Stamps.

A shipment of three different kinds of new stamps just issued by the postoffice department has been received at the Maryville office.

The new 15-cent special delivery stamps are orange-colored and are to be used on packages weighing from two to ten pounds. One thousand of these were received at the local office this morning.

The new 20-cent stamps, which are in the sepia color, are to be used on packages weighing from ten to seventy pounds. One thousand of these were received.

One thousand of the new 25-cent "special handling" stamps, which are green in color, were received. These stamps are to be used on packages when the senders desire them to be given the same attention as letters, or other first-class mail. Packages bearing these stamps will be delivered by the regular mail carrier and will not be delayed at the postoffice either at the place of mailing or receiving. This service, however, must not be confused with the "special delivery" feature, which requires special delivery stamp.

V. B. Ward of Nodaway County was on the market Wednesday with two loads of 1,143 pound steers that sold at $10.75, the top for cattle of their weight and class at the St. Joseph market yesterday.—St. Joseph Stock Yards Journal.

Second Attempt Made to Assassinate King

London, June 5—A second attempt to assassinate King Alfonso of Spain by bombing the Barcelona Cathedral was frustrated by police today, according to dispatches to the Evening News. One secret policeman was killed and four were injured in the collision of an automobile guarding the king. This accident was not associated with the plot against Alfonso's life.

Several arrests were made in connection with the bombing attempt.

The previous attempt upon the king's life was directed toward destruction of the royal train in a tunnel near Barcelona. A huge bomb was discovered in the tunnel.

STRIKERS MAY EXTEND FORCE

CHINESE AGITATORS PLAN TO INCLUDE ARMED TROOPS.

JAPAN MAKES THREAT

"Restore Order or We Enter." Tokio Government Is Said to Have Told Peking.

Shanghai, June 6, 1 a. m.—With foreign agitators leading the city-wide strike, which has tied up China's greatest seaport, planning to extend their organization to include the armed forces in Chinese territory near foreign settlements, apparently already have the co-operation of the Chinese mounted volunteers. They were reported tonight to be endeavoring to win over the Woo Sung Chinese constabularies and the military gendarmes.

London, June 5.—Japan has sent China a sharp note saying in effect, "restore order or we enter," according to the Daily Express today. This newspaper gave great prominence to the story, which goes on to state that Japan is threatening to revive her twenty-one demands upon the Chinese government.

Japan's famous twenty-one demands upon China, had they been granted, virtually would have made it a Japanese dependency. Accumulated effects of these demands would have placed Japanese in high positions in the Peking government, restricted China's intercourse with other nations, commercially and financially, and accord Japan a position of pre-eminence throughout the entire Orient. Japan ultimately withdrew them under pressure from other nations.

Shanghai, June 5.—The town hall today was established as the supply depot from which to fight the efforts of the Chinese strikers to starve out the foreigners. Under guard of American bluejackets, the food controller moved 2,000 bags of flour from the wharf to the hall.

The French concessions was the focus of the striking agitators today. Ten thousand Chinese, employed in shops in that quarter, put up the shutters on their places of employment and joined the milling throngs outside.

Three more American destroyers arrived today. Naval forces ashore now include 800 British, 200 Italians and 60 Japanese. Additional American forces, including 300 marines in the Phillipines, are en route.

IS KILLED BY FALLING POLE

LLOYD COOK VICTIM OF ACCIDENT AT DENVER.

HIS TWO WIVES MEET

Dead Man Had Given His Address As Maryville But Efforts Fail To Identify Him.

Denver, Colo., June 5.—The body of Lloyd Cook, Maryville, Mo., claimed by two women as their husband, will be buried by Mrs. Juanita Cook, the elder wife of the dead man, the two women agreed today.

Mrs. Hazel Cook, the younger woman whom Cook married at Salida, Colo., two years ago, stipulated, however, that she must attend the funeral.

"I must go to his funeral," she said. "Surely she will not deny this request."

Officers are investigating, in the belief that divorce holds the key to the situation. Hazel, in her story, said her dead husband had told her he had been divorced when he married her. Juanita was married to Cook in Laramie, Wyo., in 1920, and declared she was his legal wife.

Cook was crushed to death when a pole fell on him while he was sitting on a flat car in the railroad yards here. He was employed by a construction company here.

Denver, June 5.—Tears gave way to jealous rage when Mrs. Cook No. 2 arrived at local undertaking parlors to claim the body of her dead husband, and found Mrs. Cook No. 1 making arrangements for his burial.

Neither had known of the other's existence until they met at the casket of their husband, Lloyd Cook of Maryville, Mo., killed here yesterday in a construction accident.

The stooped shoulders of mourning straightened momentarily while the two women flashed defiance at each other, but neither woman gave way.

"He's mine, I tell you," the second Mrs. Cook shrieked hysterically hovering over the casket. The first Mrs. Cook, the older wife, was more composed.

"It's impossible," she said.

After a time, grief again claimed the two women and the attendants at the undertaking parlors left them alone at the casket.

Chief of Police Bernard Dougan received a telegram this morning from Mrs. Loyd C. Cook, 1653 Lawrence street, Denver, Colo., to notify J. C. Cook of the death of Loyd C. Cook at Denver yesterday.

Chief Dougan and Sheriff L. B. Campbell were trying to locate the man today but up to 2:20 o'clock this afternoon were unsuccessful. Sheriff Campbell said there was at one time a Mr. Cook at Guilford, who he thought had been working for the Young Construction Co., driving a truck on the north gravel job but this man had not been located at the time.

RECLAIMING WASTE LAND

Because it has the authority of the federal department of agriculture, the statement that two-fifths of the land in the United States is uncultivable must be accepted as accurate. A conclusion that it is all waste land would probably be erroneous, however. Drainage, an expensive process, is not always necessary in that part of it which is marsh or swamp to make it profitable. It is obviously better to develop it in other ways in sections where tillable soil already exists.

Land of this kind is available for game preserves. Whether under federal or state control, or in private hands, it could be made profitable hunting ground in the open season. Comparatively little has been done to utilize the abundant food supply from this source. Some kinds of game have been banished from the market because indiscriminate killing threatened their extinction. There would be no need of this were large tracts of land where they could breed in safety be opened to hunters under proper restrictions. In this country practically nothing has been done with the pheasant, a bird as easy to raise as the turkey, taking readily to a half domesticated state. Partridge, quail and other game ought to be available for table use.

Land fit neither for tilling nor for raising game might be used, it is suggested for growing nuts. The nut-growing trees require no great care or labor, and the yield should easily be made profitable. There is no good reason why two-fifths of the land should be to all intents and purposes valueless.

MORE SOVIET PROPAGANDA.

The soviet government informs the United States post office department that mail is no longer to be addressed to "Russia" but to the "Union of the Socialistic Soviet Republics." In fact, the change of address is made mandatory upon those who desire their mail to reach its destination.

Here is propaganda and red-tape in their purest state. It is customary to make a mailing address as clear and intelligible as possible. But the soviet government recognizes no customs, and in accordance with this policy prohibits the use of an address about which there is no uncertainty. With the soviet dictatorship it is not a question of expediting the Russian mails but of using the mail for soviet propaganda. Address mail to a majority of the Russian people under the new national title of "Union of the Socialist Soviet Republics" and they would think they had received the mail of another.

The fact that the soviet government refuses to deliver mail addressed to Russia or addressed under an abbreviated form of the new appellation confirms the ancient principle that whatever form a bureaucracy takes its officials are sure to nourish their pride by inflicting petty annoyances on the public. The new Russia is so entangled in red-tape and official meddling that mailing addresses must be censored. Such silly officiousness is enough to exasperate one who has never dispatched mail to the "U. S. S. R." and never intends to.

JUNE.

The poets have done well by June. The subject supplies inspiration enough for any rhymester to do his best.

If June is ordinarily well behaved it deserves all that the great and little poets have sung about it. Occasionally the month shows a rebellious spirit, but so rarely is this true that the exceptions may be taken to prove the poet's rule of blessedness and praise for June.

Nature perfect herself in the sixth month of the year. Perhaps some persons will hold that nature's perfection comes at the harvest season which falls well forward into the hazy days. There is, however, a harvest of flowers as well as of fruits and grains, and the abundance of blossoms comes in June along with brides, girl graduates and other things pleasant to look upon.

Loren Reid Receives Journalism Honor

The accompanying news account will be of interest to readers of the Democrat-Forum and Tribune as Loren Reid, formerly lived in Maryville. He is a son of Mr. and Mrs. Dudley A. Reid of Osceola, Iowa. Mr. Reid was at one time publisher of the Nodaway Forum, the Bethany Democrat and later owner and editor of the Gilman City Guide. The item, which appeared in the Osceola Tribune, is as follows:

"Loren Reid, an Osceola boy who has been a student the past two years at Grinnell college, Grinnell, Iowa, was recently elected to membership in the honorary journalistic fraternity known as the Sigma Delta Chi. The fraternity is for men interested in newspaper work and who have shown ability along this line. The fraternity is a national one and includes in its membership some of the biggest journalistic lights of the country. Harvey Inghram of the Des Moines Register is one of the members of the Grinnell chapter. It is considered a very select organization and no one was more surprised at Loren's election than himself. The distinction was accorded young Reid because of the merit of some recent short stories and articles contributed by him to 'Junto' and other college magazines and perodicals."

Macon County Pays Attorneys

Present Prosecutor and Two Former Holders of Office Draw Total of $10,262.59.

(Macon Republican)

Two former prosecuting attorneys and the present prosecuting attorney of Macon County were paid $10,262.59 by the Macon County court today, the court following the decision of the state supreme court recently holding that this salary was due the men.

According to the Macon Chronicle-Herald, Waldo Edwards, prosecuting attorney who was in office when the act of the legislature was passed drew $3,812.61. Clinton B. Haines who succeeded him drew $5,200.00 for service rendered in the two years and Glen D. Evans present prosecuting attorney was given $1,249.98 as his part of the salary due him since January 1, under the award.

The prosecuting attorney's office now pays $5,000 annually. During the latter part of the Edwards term and the entire Haines term, the county paid but $2,400 to the attorney, hence the checks awarded them today.

Advertising Brings Population to Communities Using This Program

The following is the third installment of the article on "Community Advertising," written by D. A. Caldwell, secretary of the Maryville Chamber of Commerce.

The assets of a community determine the character of its advertising. In the old days, there was a superficial and inappropriate clamor about ideal climate and wonderous beauty. Only the 'dead ones' are looking for a perpetual paradise. One city that spent $200,000.00 for publicity received in return $8,000,000.00 in additional tourist business, or for every dollar spent there were 40 new dollars brought into the community on which to do business. Western Canada figures that every family that crosses the line means about $400.00 in new business. Advertising is bringing population to those communities that are carrying on comprehensive campaigns intelligently, turning villages into cities.

The advent of high freight rates give an advantage to the decentralization of industry and the establishment of branch plants to aid distribution. Exclusive market and trade territories are fast disappearing, as distance between producer and consumer is being materially cut. New centers of industry and trade are bound to be developed in the next decade to take care of changed conditions. "Opportunity" is now knocking at the doors of many communities. The Canadian Parliament recently appropriated $500,000.00 for a world advertising campaign to bring in new citizens.

The slightest indication of a suspicion about figures and claims will jeopardize the value of advertising, there being nothing so forcible as facts. People are becoming more critical of advertising.

Advertising takes money. There is a growing feeling that the best way to secure results is through taxation. In the Minnesota Ten Thousand Lakes Assn., half the amount needed is furnished through state aid, and the balance from communities. In Nebraska, all cities of the first class, from 5-25,000 population, may levy a tax of not to exceed five mills annually for publicity purposes. Colorado is another state that legalizes municipal apropriations for publicity.

Editor Comes Here with Deputy Sheriff

W. L. Moorhead, editor of the Hopkins Journal and William Miles, deputy sheriff at Hopkins were in Maryville this morning. When Editor Moorhead was asked about coming to Maryville with a deputy sheriff, he said: "No I brought the deputy sheriff with me instead of the deputy sheriff bringing me along."

SUNFLOWER PORTLAND CEMENT

Cement maker takes a leaf from cook book

Any expert cook knows that kneading is one of the most important parts of good bread-making—that it is the thorough mixing of the moist dough that makes her baking a real success. Otherwise, her pure, rich ingredients—even when baked in a perfect oven at the correct heat—will come out a poor, soggy loaf of bread.

Cement making is much the same. Perfect blending or 'kneading' is the only way to obtain high quality.

In the SUNFLOWER mill, the final kneading action occurs within giant blending tanks; 9-foot multiple paddles stir and restir the mixture, hundreds of times. Then the material is tested, corrected and retested until it is 99.9% perfect.

Scientific methods are employed in every stage of the famous Wet-Blending Process. From beginning to end guesswork has been eliminated.

Result: A super-grade cement that actually runs over 50% above the U. S. standard specifications. Yet it costs no more.

It carries our unqualified endorsement.

Why "Soon-to-be-weds" go to "Headquarters"

Every salesman in our employ has had special training on the service we render when selling outfits.

Every man here knows how to PLAN with you—how to suggest proper furnishings—how to sell the most desirable furniture for the least possible expenditure.

The reason we give such particular attention to outfit business is because of our policy. We look years ahead. We know that if we sell an outfit so that our work, our merchandise and our services PLEASE, we have made new friends and customers for future purchases. If we sell YOU an outfit we will sell your friends, and possibly your children an outfit. That's looking pretty far ahead, but that is the basis upon which the Price business is built—GIVING ABSOLUTE SATISFACTION

It goes without saying that the matter of credit—of short or long-time payments—is also taken care of to your entire satisfaction.

Mrs. J. J. Carter in Kansas City This Week

Formerly Connected With the Maryville Seminary—Discusses Theater in Swope Park In Kansas City.

Mrs. J. J. Carter of Los Angeles, formerly Miss Artie Mae Mason, who taught piano in the former Maryville Seminary conservatory of music, has been visiting in Kansas City this week. Her husband is a former Burlington Junction resident. The following article is from today's Kansas City Journal:

An open air ampitheater in Swope park, where the masterpieces of classical music will be presented to the people of Kansas City by a great symphony orchestra, is the dream of Mrs. J. J. Carter of Los Angeles, who is touring the country in behalf of summer symphony concerts.

Mrs. Carter, a native of Kansas City, is president of the Hollywood Bowl association, founder of the great summer concerts there and the production manager of the Pilgrimage play.

She is seconding the efforts of Mrs. Hal Gaylord and Mrs. S. J. Whitmore, the women responsible for the success of Kansas City's first National Music week.

As now planned, the theater will be a continuation of the work of music week, and Mrs. Gaylord said music week would head the movement to establish it.

Seating 25,000 Persons.

The Hollywood bowl is an immense ampitheater seating 25,000 persons, which is the scene of symphony concerts four times a week during the summer. An admission of 25 cents is charged, placing the concerts within the reach of all. Mrs. Carter declares it is the only organization of its kind to be self-supporting. During its four seasons it has shown an annual profit of $10,000.

A ravine between the band pagoda and the old shelter house at Swope park, was chosen yesterday as the most logical site for such a theater in Kansas City. Mrs. Carter declared the spot ideal, and outlined how it could be graded and terraced to provide for a crowd of 10,000 persons.

Mrs. Carter approximated the cost of such an undertaking at about $50,000. Yesterday she interviewed the park board and found its members enthusiastic about the project, and willing to aid in any manner possible.

First Big Problem.

The theater should be municipally owned, she says, but the symphony orchestra which will give concerts in it should be maintained by popular subscription. She estimated that a first class orchestra could be insured by the sale of 3,000 season tickets at $10 each.

"The first big problem is that of establishing a full time symphony orchestra which could play in the bowl during the summer and in Convention hall in the winter," Mrs. Carter said. "Such an orchestra would have to be of the finest quality in order to draw the public—no inferior organization could be tolerated.

"Less than 2 per cent of the population of the United States attend concerts," she continued. "My interest lies in bringing an appreciation of music to the other 98 per cent. In doing this I am keeping in mind constantly the Missouri farmer, the best and most typical American citizen.

Has Visited White House.

"Why should we ape Europe in the kind of music we hear and appreciate? Let us strike out for ourselves and join in the creation of popular appreciation of our own great musical organizations."

Mrs. Carter has toured the United States in her attempt to popularize summer concerts. She has made talks in twenty-five cities, and even has visited the White House in the interest of the movement. At Detroit she selected the site on which the municipal concerts will be presented this summer.

In Kansas City she has been visiting her sister, Mrs. J. B. Townsend, 3280 Oak street. She leaves today for Portland, Ore.

Mrs. Carter once was music teacher in the Barstow school.

GOOD HEALTH SHOWN HERE

FEWER CONTAGIOUS DISEASES IN NODAWAY COUNTY.

MAKES FOR PROGRESS

According To Report, This Community Has But Half As Many Cases As Average In Sixty Others.

Nodaway County, during the first four months of the present year, had approximately one-half as many cases of diphtheria, mumps and scarlet fever as the average in sixty counties in Missouri reporting to the state board of health, according to a communication from Dr. James Stewart, secretary of the board, to the Maryville Chamber of Commerce today.

This report, indicating the extremely healthy condition of the citizens of Nodaway County, shows the thoroughness of the work of the county health department and the benefits derived.

According to the letter from the secretary of the state board of health, the average number of cases of diphtheria in sixty counties of the state during the first four months of the present year was 35.5. In Nodaway County, only thirty-four cases were reported. In the sixty counties, the average number per month was 8.9 cases, while in Nodaway County it was 8.5 cases.

The sixty counties reported to the state board of health an average number of sixty-nine cases of scarlet fever, but there were only twenty-nine cases of this disease in Nodaway County. The average number per month in the sixty counties was 17.25 cases, while in Nodaway County it was but 7.25.

According to the report of the secretary, the sixty counties in the state had an average of 33.8 cases of mumps during the first four months of this year. Nodaway County had but eleven cases of this disease. The average number per month in the sixty counties of the state was 8.45, but in Nodaway County it was only 2.75 cases.

During the same period in the present year, no cases of smallpox were reported from Nodaway County, although thirty-seven counties in the state reported 286 cases, an average of 7.7 cases per county during the first four months in 1925.

In connection with this report from the secretary of the state board of health, D. A. Caldwell, the new secretary of the Maryville Chamber of Commerce, pointed out that the extremely healthy conditions in Nodaway County was an essential factor in its development. Good health is the first requisite to progress, Mr. Caldwell said, and this is one of the reasons why Nodaway County occupies such a prominent place in Missouri.

Mrs. Howard Null Dies Here This Morning

Pickering Woman Succumbs At St. Francis Hospital Following Illness Of Uremic Poisoning.

Mrs. Howard Null of Pickering, 31 years old, died at 9:20 o'clock this morning at St. Francis Hospital following an illness of uremic poisoning. A son was born to Mrs. Null Wednesday morning, but died five hours after birth.

Funeral services will be held at 2:30 o'clock Sunday afternoon at the Christian Church in Pickering conducted by the pastor, the Rev. T. M. Walton. The body will lie in state at the church from 1 to 2 o'clock Sunday afternoon. Burial will be in the hite Oak cemetery where the baby was buried Thursday morning.

Mrs. Null was the daughter of Mr. and Mrs. W. A. Burks of Pickering, and was born March 6, 1894. She had been a life-long resident of the Pickering vicinity. She was married to Mr. Null on March 24, 1915, and he survives with one daughter, Mary Katherine, six years old. Besides her parents, she is survived by four sisters, Mrs. Erma Hackett and Misses Marie and Mildred Burks of Pickering, and Mrs. Milton Hull of Maryville; and three brothers, Allen, Russell and Paul Burks, all of Pickering. Mrs. Null was active in Pickering Christian Church circles and had served as church pianist for many years.

Mr. and Mrs. Arthur A. Brewer and son, Arthur Jr., returned home last night from a week's visit with relatives in Kansas City and St. Joseph.

Miss Evelyn Raines went to Jamesport, Mo., this morning to be a guest at the home of the Rev. and Mrs. Frank J. Mapel.

Will You Teach Him To Save?

The United States is the greatest and happiest nation on earth because it was founded by a thrifty and industrious people. It continues to prosper so amazingly because, all propaganda to the contrary notwithstanding, it is still the hardest working, hardest saving nation the world has ever known.

To give your children their rightful chance in such a country, it is your duty to teach them early and carefully the value of money and of work. A savings account is the best way. Start them here.

NO COLOR LINE IN CHRISTIANITY.

Comment on the Uniform International Sunday Schpol Lesson for June 7, 1925.

Read Acts 10 and 11.

WILLIAM SOUTHERN, JR.

One Sunday afternoon a few years ago I visited the Tuskegee Institute, at Tuskegee, Alabama. This is the industrial school for negroes founded by Booker T. Washington. There were at that time more than two thousand negro boys and girls in the school and 240 members of the faculty. Our party went through the school, visited the buildings and saw the wonderful work being done.

That evening there were services in the great chapel. I was told that there were 3,000 people present, our little party making the only white spot in the audience. Dr. Moton, who succeeded Booker T. Washington as president, presided and made of the meeting a simple and effective Christian service.

In the choir loft back of the president and guests of honor were 150 negroes, the choir. There was an orchestra and an an organ and the melodies from this choir swelled in ever increasing volume until it seemed that the house could not contain it. When this great choir sang "Swing Low Sweet Chariot" in the peculiarly sweet and touching rythm which only the negro can give, there were many wet eyes in that audience.

When I read over today the story of Peter's vision as he was a guest in the home of Simon the tanner at Joppa and then continued the narrative giving the account of his meeting with Cornelius and the subsequent baptism of uncircumsicised Gentiles and read where Peter said "Of a truth I perceive that God is no respector of persons." I thought of this Sunday evening in Tuskegee. It was there on that day that I perceived more clearly than ever before that God did not differentiate between a black skin and a white skin, for I heard the rustle of angel's wings in the sweet songs and saw the glory of God in those black faces as they sang.

When some years ago I read that President Roosevelt had invited Booker T. Washington to the White House and had entertained him as a table guest I knew perfectly well that the President was exactly right, but I could not get away from the feeling that he had offended good taste. Born in Tennessee and raised in Missouri I had not then had Peter's vision. I had not then seen the work of Booker T. Washington which taught me, I sincerely hope, that there is no color line in Christianity.

In the early Christian Church there was no color line, but there was a line more pronounced than any color line. The Jew was a Jew and no Gentile was entitled to Christianity. When Peter went to Joppa he offended very much of the Jewish customs when he lodged with Simon the tanner. Then came Peter's vision and his lesson. After the vision came the message from Cornelius and Peter preached to the Gentile gathering, converted and baptized them.

When Peter got back to Jerusalem he was churched for what he had done and, leader though he was, was brought on the carpet before his fellows. Peter admitted the offense and then told of his experience. While the meeting agreed that Peter had done right there were many among the Christians who were unconvinced. There are a lot of us who would not be convinced if we saw twenty visions and this is more true in religion than in anything else.

Not so very long ago, so bitter were the denominational differences among the churches, members of one denomination were quite sure that others who had not been baptized as had they, who had not complied with certain religious requirements in which they believed, would not go to heaven. Even today there are strict and rigid people very religious and good, who firmly believe that hell is waiting for every soul which has not made the professions they have made. It is the same old story. The early church refused to believe that Christianity was for the Gentile and it took long years to bring it to that agreement. We of the United States would not have had much chance at Christianity had not Peter and Paul made this great fight.

Scientists say that a fish is the only animal in nature in which the two sides are exactly alike. Heredity, environment, riches, poverty, Lady Luck and all other things which may have an influence on human thought have never yet been able to discover two human minds just alike. The human brain, with its thousands of convolutions and twists and curves is never duplicated. They go further and say that one side of the human brain is different from the other. The detectives use these differences for identification purposes and take out thumb prints on the theory that no two thumbs show the same identical pattern of whorls.

It would be very remarkable indeed therefore, if not only two, but a whole community, should exactly agree on religion or that any two reporters should see the same thing exactly alike. Sometimes we weep over the fact that we have religious controversies. Sometimes we attempt to discipline a minority and force it to agree with a majority. We never got anywhere in religion or anything else by attempting to force people to believe alike and never will. From the beginning of things religious the church controversies, the discussions of church and religious policy, the quarrels, if we may use that word, among honest church adherents have been the means by which the church has gone forward and has grown and has accomplished its mission. Without church differences the churches would not live very long. I would hate to live in a community where everybody believed just like everybody else, where all the minds were built on the same pattern, where there was no difference of opinion. It would be an impossible community and a dead one socially, politically, religiously and every other way.

If I believed everything the preacher in my church said, if I agreed with his every pronouncement, I would take out my church letter and join some other church in order to give my brain a chance to exercise a little on something worth while.

God is no respecter of persons. The rich, the poor, the halt and blind, the aristocrat and the slave, the black man, the yellow man and the white man, all stand exactly alike before God. Peter found this out but it took a miracle to convince him. It does look as if we who think we are so wise ought by this time to have discovered that men and women can not be poured into one mold and that God does not expect it.

War With Mrs. Vanderbilt

There's blood in the moon in London and Mrs. Harry Brown (above) is doing battle. Her antagonist is Mrs. Cornelius Vanderbilt 3d, and both want to be known as London's most popular hostess. Mrs. Brown, widow of a rich Pittsburg coal baron, gave a party from midnight to 4 a. m. on Derby night.

GOOD HOPE COMMUNITY.

Mr. and Mrs. Guy Blanchard spent Thursday evening with Mr. and Mrs. Rant Holmes.

Mr. and Mrs. Floy Morehouse, Mr. and Mrs. Charley Morehouse and sister Adaline visited Thursday evening in the John Morehouse home.

Mrs. Arthur Craighill and daughter Sarah L., of St. Joseph came up Friday noon to spend a few days with her sister Mrs. George B. Ulmer and other relatives.

A crowd of Mr. and Mrs. Fay Morehouse's friends went Thursday evening and chivaried them.

Mr. and Mrs. John Anderson and Mrs. May Harris were callers at Mart Young's Sunday afternoon.

Ula Morehouse and family were Sunday guests of Mr. and Mrs. Brice Clymens.

Mr. and Mrs. George B. Ulmer entertained for Sunday dinner Mr. and Mrs. William Wells, Mrs. Arthur Craighill and daughter of St. Joseph, Mr. and Mrs. Leman Morehouse, Mr. and Mrs. Marlin Harris and Miss Kennie Butts.

Leman Morehouse had a new wind mill put up Saturday. We guess he has got tired of pumping by hand.

Mr. and Mrs. Leman Morehouse entertained at supper Monday evening in honor of their son Fay and wife who were married May 26. The guests were Mr. and Mrs. Ula Morehouse and baby, Mr. and Mrs. Andy Morehouse, Mr. and Mrs. Fay Morehouse, Mrs. Arthur Craighill, Miss Margaret and Rose and Dorothy Morehouse, Miss Leota Bonham, Mr. Marlin and Jimmie Morehouse, Miss Sara L. Craighill and the host and hostess.

Some of the friends and neighbors of Mr. and Mrs. Marlin Hans gave them a shower Tuesday night. Ice cream and cake were served.

We had a hard rain Tuesday night which was badly needed.

John Morehouse shipped hogs with the Farmers Union, Thursday.

—to regain Strength

—brings joy to you and your friends.

EVERY man, woman and child wants to have strength and correct weight. It means the joy of living. To be **minus** strength and underweight often proves low fighting-power in the body. It often means you are **minus** nerve-power, **minus** red cells in your blood, **minus** health, **minus** vitality. It is serious to be **minus**, but the moment you increase the number of your red-blood-cells, you begin to become **plus**. That's why S.S.S., since 1826, has meant to thousands of underweight men and women a **plus** in their strength. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier, and you feel it, too, all over your body.

More red-blood-cells! S.S.S. aids Nature in building them by the million! There are no unproven theories about S.S.S., the scientific results of each of its purely vegetable medicinal ingredients are admitted by authorities. Begin taking S.S.S. today. It will give you more energy, vitality and vigor and a more up and going appearance.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

Jefferson City, Mo., June 5.—Col. W. N. Phillips, secretary of the State Bonus Commission has issued another call for veteran claims and urges all former ex-service men who have not already filed with the commission to do so at once.

The recently adjourned legislature re-opened the filing time and extended it to December 31, 1925. The bill authorizing this became effective shortly after the legislature adjourned. Immediately following the re-opening of filing time the commission began payment on about 5,000 too late claims which were hang-overs from the time limit of December 31, 1922. Officials estimate that there are about 7,000 veterans in the State who are eligible for compensation.

According to the secretary of the commission only about 500 additional claims have been filed since the re-opening of the time limit. Phillips urged that those who are eligible "get busy at once" and send in their claims as quickly as possible. More than $2,000,000 is available for payment of claims.

Greenfield, Mo., June 5.—A new courthouse to replace the structure recently sold at auction is the aim of Dade county residents. The money derived from the sale of the older building which was built in the last year of the Civil war to replace a building destroyed by soldiers, will be used as the nucuelus of the proposed building fund.

Jefferson City, Mo., June 5.—It now behooves the farmers of Missouri to get out their paper and pencils and fill out the questionairre of the State Board of Agriculture, for the Missouri State Government farm census begins this week.

It is explained that the purpose of the census is not for tax assessment purposes but merely to supply intelligent information to the State Board of Agriculture upon which statistics can be based.

All assesers and deputy assessers are required to take the census which has to do with acreage, livestock conditions and a wide range of subjects.

Kansas City, June 5.—While the East sizzled a cool east wind was fanning Kansas City and this section of the Southwest today keeping thermometers under 90 degrees. Texas reported a maximum of 95 degrees yesterday and a temperature of 86 at 9 o'clock this morning with the mercury gradually rising.

Jefferson City, Mo., June 5.—The National offices of the American Farm Bureau are suggesting that all county farm bureaus on the country hold picnic on July 4 this year, according to Manager of the Missouri Farm Bureau Federation, N. W. Strother.

Several counties have already replied to the suggestion as voiced by the national office and it is probable several hundred picnics of the county farm units will be held Independence Day.

St. Charles, Mo., June 5.—More than one hundred county farm club students are expected to attend the camp and festivities in Blanchette Park which begins today.

Moberly, Mo., June 5.—H. Frank Holman, chairman of the committee on highways of the local chamber of commerce is urging that a local delegation attend the dedication services of the Glascow bridge July 4.

People of Glascow consider themselves the originators of the free bridge movement in the state and the local organization feel that they deserve credit for their work on the proposition.

Jefferson City, Mo. June 5.—The State Public Service Commission announced today that it had approved the merger of the light, heat and power plants of six Central Missouri Cities. The company maintains plants in Moberly, Higbee, Boonville, Kirksville, La Plata, and Huntsville. The new company will be known as the Central Missouri Power and Light Co. Headquarters of the company will be at Kirksville. The Missouri Power and Light Company is said to control the new organization. The former company has headquarters at Mexico, Mo.

The companies which the merger will absorb are the Moberly Light and Power Co., The Huntsville Light and Power Co., La Plata Light, Heat and Power Co., Citizens Electric Light Co., of Higbee; Boonville Light Heat and Power Co., and Adair County Light Power and Ice Company of Kirksville.

Brookfield, Mo., June 5.—Residents who were astonished to see boys chasing rabbits about the main streets of the city last week rubbed their eyes in bewilderment when a covey of quail appeared on Main street this morning.

Brookfield, Mo., June 5.—Due to the increased amount of business handled over the Burlington division here last month several new crews have been placed on duty to care for the work.

Much of the increase is due to large amounts of road work being done in northern Missouri for which crushed rock and gravel are hauled over the road.

The business handled by the Burlington through here during the month of May 1925, exceeded that for the month of May 1924 by over one hundred thousand tons and is considered a banner month for spring business.

An increase of 108,280 tons over last year and 204167 tons over last month and 113 more trains were run in May as compared with April.

Jefferson City, Mo., June 5.—Owing to a widespread difference between public utility company valuation reports submitted to The State Tax Commission and that made to the Public Service Commission, an investigation will be started shortly to determine if the reports are rendered illegally. Two valuation reports are made on to the Tax Commission and one to the Public Service Commission. Of the four largest St. Louis utilities companies, it is said three have made a much lower return to the Tax Commission than to the Public Service Commission.

Bonne Terre, Mo., June 5.—A stock dividend of 25 per cent on the $15,504,130 capital stock of the St. Joseph Lead Co., wasc declared here yesterday at a meeting of the directors of the company. The St. Joseph company is the largest lead producing concern in the world.

The $3,876,030 stock dividend will be paid out of the accumulated surplus and is in addition to the regularly quarterly cash dividend of 50 cents.

The stock with a par of $10 a share sold for $50 on the market today following the declaration of the huge dividend.

Columbia, Mo., June 5.—A negro Masonic meeting was broken up here last night when two brothers engaged in an altercation the nature of which is not known. In the course of the dispute Lafayette Williams stabbed his opponent Alex Strawn. Williams was arrested and Strawn was taken to the University hospital where he was operated upon and is said to be recovering.

Wants to Try Prison Under G. O. P.

St. Joseph, Mo., June 5.—Everett Kelley, negro, of Atchison, Kans., sentenced to ten years in the penitentiary by Judge Utz yesterday for second degree robbery, said he had a desire to find out what a Republican administration would be like at the penal institution, when questioned by the judge concerning his motive for the crime.

Kelley had twice attempted to rob the Drovers and Merchants Bank here and the second time was caught.

"Why did you try to rob that bank when you were sure of being caught?" the judge queried.

"Well, sah, jedge, I'd been to the pen under Democratic control and I thought I'd like to see what a Republican administration was like."

Reed Howes Plays in "The Courageous Fool"

There is a peach of a new picture scheduled as the attraction at the Empire Theater tonight and Saturday, one which is guaranteed to please every discriminating theater-goer in Maryville.

"The Courageous Fool" it is called and the star is none other than Reed Howes, that virile upstanding youngster whose work in "Lightning Romance," "Geared to Go" and "Super Speed" has in the past so endeared him to picture patrons everywhere.

"The courageous Fool" it is said, is his greatest effort thus far. It is a picture which moves at a hurricane pace from start to finish and one which is filled to the brim with absorbing sequences.

In support of Mr. Howes will be seen an extremely capable cast, headed by lovely Carmelita Geraghty, star of a hundred successes. The sets, it is said, are lavish in the extreme and the picture is in every way a worthy contribution to the cinema "best sellers" of the season.

Former Resident Is Bitten by Mad Dog

The following, taken from a recent issue of a McLeansboro, Ill., newspaper, concerns Mrs. Mary Tarpley, a former resident of Maryville;

Mrs. Robert York and small child of this city were presumably bitten by a mad dog yesterday. The dog which was a pet in the York family had been acting queerly the day previous to the attack on Mrs. York and child, according to Mrs. York, but little attention was given to its actions. Its head has been sent to the Department of Health at Springfield for analysis, and the victims are being prepared to receive the Pasteur treatment if the finding is unfavorable. It is feared that the dog may have bitten other canines as it has always ran at large.

Closing Grain Review.

Chicago, June 5.—Grain futures dropped sharply from the sensational higher opening to an irregular finish on the Chicago Board of Trade today.

Crop deterioration reports came from sections of the Southwest and the Middle West. Weather in the Northwest was cool and unsettled. Export channels were quiet.

A rush to sell sent corn tobagganing to a fraction below the previous close. Most of the selling was for profits.

Oats trade was not so active. A good part of the opening gain was held because of export inquiries.

Provisions dropped sharply in the late dealings.

Pickering

O. G. Null.

Mr. and Mrs. J. D. Mustain started last Tuesday for Yuma, Colo., where they will make their home with their son, Luther Mustain, who came here last week to accompany his parents to his home. Their household goods went by freight on Thursday and Ed Mustain who has been taking care of his parents for the past few months started Thursday to drive to his home near Otis, Colo.

Mrs. J. A. Mann went to Griswold, Iowa last week to visit relatives. She will probably return home next Sunday.

Mr. and Mrs. C. G. McMillen drove to Sac City, Iowa, Thursday where they will visit relatives for a few days.

Mrs. Lucinda Hood and son Charles moved Thursday from the Coler property in the west part of town to the J. D. Mustain farm southeast of town.

Mrs. Frank Morin was taken to the hospital at Maryville on Tuesday when she underwent an operation for appendicitis on Wednesday. She is getting along splendidly and hopes to be able to return home in a short while.

Mrs. R. B. Oliphant returned Wednesday from Rochester, Minn., where she went about three weeks ago for medical treatment. Miss Josie Sadler who accompanied Mrs. Oliphant to Rochester and who underwent an operation there is expected home Saturday.

M. E. CHURCH NOTES.

Services Sunday, June 7th as follows:

Myrtle Tree: Sunday school at 10 a. m.

Pickering: Sunday School at 10 a. m. Preaching at 11:00 a. m., and 8:00 p. m. The morning subject: "The Triumph of Faith," Evening subject, "The Pioneer Saint."

A cordial invitation is extended to the public to attend these services.

E. W. Croy, Pastor.

CHRISTIAN CHURCH.

Children's Day program will be given next Sunday morning instead of at night as announced last Sunday.

Let us have a house full at this service. The regular Sunday School will be at 10 o'clock, followed by the Communion and program at 11:00. No morning sermon.

We are counting on a liberal offering for foreign missions. Be sure to bring your money or check book Sunday.

The night service will be omitted to allow folks to hear Dr. Royal J. Dye at the Maryville Christian church. This is an unusual opportunity to hear one of the pioneers in jungle exploration. It is like reading a chapter in the life of Livingstone to hear Dr. Dye tell of the African missionary work. By all means, go and hear him in Maryville Sunday night.

The whole community is sad at heart over the critical illness of our pianist, Mrs. Irene Null, and the loss of the little babe. Also by the illness of Mrs. Ocie Lincoln. Both of these women are loyal workers in the church. Let our universal prayer be that they be restored to health if it is His will. If not, may we humbly submit to his design in all things.

The pastor is spending Friday of this week in St. Joseph attending a meeting of the Seventh District Board the purpose of the meeting being to choose a successor to Bro. Snell as District Superintendent.

Bro. J. T. Alsup preached a fine sermon at Pickering Sunday night. Those who were not present missed a treat. Glad to have him with us at any time. Mrs. Alsup and James came along.

Educating the Paint Buyer

Demonstrations Held Today at The Phares Hardware Store—Former Maryville Boy With Company.

With a view to educating the paint buyer, regarding the value of paint, the Phares Lumber and Hardware Co., gave two demonstrations on interior finishes and exterior finishes today. J. B. Sorency, paint expert from the Waggener Paint and Glass Co., demonstrated Cellutone, the new rubbed enamel finish, to a number and how easy it is to have better and nicer homes at a small cost. The Phares Co., gave away one hundred cans of Cellutone and a shopping bag to each lady present.

This afternoon Mr. Sorency lectured on house paint and contended that a cheap grade of paint was a most expensive one a user could buy. He stated the people should be educated to see what kind of paint was on the inside of the can and also to read the formula on the outside of the can.

Mr. Sorency gave a demonstration of the right and wrong way to paint, also rubbing up the material, and showing the difference between a paint made from pure lead, zinc and linseed oil, and one made of cheap material.

Harry Awalt, a representative of the company, was in attendance at the demonstrations. Mr. Awalt is a former Maryville boy and is now located at Chillicothe, Mo.

Woman Must Serve Sentence in Prison

Supreme Court Affirms 15-Year Penalty for St. Charles County Murderess—Two Negroes Must Hang.

Jefferson City, June 5.—Mrs. Angie Saale, convicted with Oro Thoele of murdering her husband and throwing his body in a well on the Saale farm in St. Charles County, must serve her fifteen-year sentence, the court ruled today. Thoele is serving a thirty-year sentence. Saale was beaten to death.

Death sentences, imposed on two negro murderers, were also affirmed by the Supreme Court today. Leon Williams must die for slaying Harry Leonard, soft drink stand proprietor at St. Louis, shot to death during a hold-up. James Crump of Mexico, Mo., must also pay the extreme penalty for killing Sheriff Blom in February last year. Both will be executed on July 17.

St. Louis Mayor Asks Funds for Big Inquiry

St. Louis, June 5.—Mayor Victor J. Miller of St. Louis today requester the board of aldermen to appropriate $15,000 for the purpose of financing a special investigation of teh affairs of the municipal government with a view to correcting inefficiency and irregularities. The mayor declared the task was too large for a personal probe and asked funds to engage a regular inquiry.

Dr. Henry Hepburn Gives Radio Service

Dr. Henry Hepburn, pastor of the Buena Memorial Presbyterian Church of Chicago, and a brother of Mrs. D. E. Hotchkin of Maryville, is giving a series of devotional services from the Westinghouse station, KYW, at Chicago this week. The time of the services is 6:30 a. m.

Culp to Study in Colorado.

Blue Grass Season Now on Over Country

Crews Managed By Barnard Men Now At Work Stripping Blue Grass Seed.

(Barnard Bulletin)

Seven or eight big crews of men are now driving bluegrass strippers over hundreds of acres of blue grass pasture in various parts of the Middle West, all being managed by men from Barnard and the crews being made up largely from men in this vicinity.

Chas. Buie, Archie Hubbell, James Lucas, Henry Wilson, Eaton & Mehaffy, Earl McCleave and Thompson & Richey are managing big gangs of workers, besides a number of smaller operators who run one or two headers and take care of their own crop of bluegrass seed.

Chas. Buie has his crew at work in Kansas. McCleave is running two outfits, one near Ravenwood and one across the Missouri River in Nebraska. Thompson & Richey are working in Andrew county and the rest of the crews are scattered throughout the bluegrass territory.

The blue grass heading business has grown by leaps and bounds in this community and employs a large number of men for several weeks in June. The volume of business which seeding brings into the community is large and is an additional item to the regular agricultural income. The amount derived from bluegrass last year was approximately $50,000. It is thought that this year's crop will be slightly smaller in number of bushels but the price per bushel is larger, the seed being worth around $2.60 per bushel, according to reports.

Four Loads of Cattle Go From Skidmore

Four loads of cattle were shipped from Skidmore to the St. Joseph Live Stock market on Wednesday and they sold higher than any other cattle on the market that day.

William Taylor sold 52 head, average weight 1,082, which brought $1,085. Vernon Ward shipped two cars containing 44 head, averaging 1,144 pounds. They sold for $1,075.

Mr. and Mrs. Carl Carlson of Barnard were Maryville visitors today.

College Girls Will Be Taught to Swim

Arrangements Made With Sanitary Swimming Pool for Three Classes of Instruction.

Special arrangements have been made by the department of physical education for women at the State Teachers College with the management of the Sanitary Swimming Pool whereby the pool may be used at certain hours of each day by three classes in aquatics which have been organized as part of the summer's work of the department.

A class for girls who wish to learn to swim will be given at the pool from 6 to 7 o'clock in the morning and another class, also for beginners, will be given from 11:10 to 12 o'clock each morning. The first class is to be taught by Miss Helen Manley, head of the department, and the other by Miss Ruth Bass. Forty-two girls have enrolled in the second class. Miss Manley does not think that the enrollment in the earlier class will be quite so large.

The class for advanced swimmers is offered from 7 to 8 o'clock each morning. Regular College credit is given for these courses.

Miss Manley said this morning that if it were at all possible, another Water Carnival, similar to the one given by the department last summer, will be arranged for later in the season.

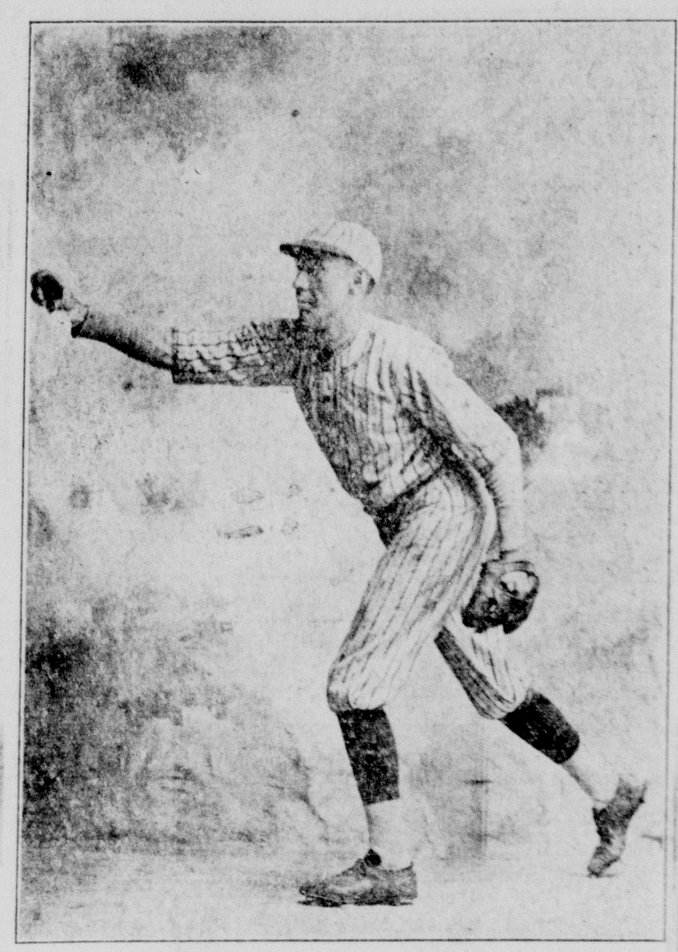
To Pitch Against Monarchs Sunday



Henry ("Heine") Buhler, whose home is in Maryville, right handed hurler for the Maryville Merchants' Baseball Club, will face the batters of the Kansas City Monarchs, members of the National Negro Baseball League, here Sunday afternoon at the M. M. B. C. Ball Park.

The weather has been unfavorable so far this year for Heine as he has best control when the mercury is hanging around the 90's, but at that he has been going strong this year.

Buhler's experience has not been limited to baseball in Maryville as he has played in leagues in Texas, Nebraska and Colorado.

Marines to Guard Life of President

One Hundred Picked Men Will Be Chosen To Keep Watch At Summer White House.

Washington, June 5.—A company of U. S. marines, one hundred strong, will guard the life of President Coolidge during his occupancy of the summer White House at Swampscott, Mass., it was learned here today.

Already the guard detail is being selected at the marine base at Quantico, Va., each man being picked for ability and physique.

The almost unprecedented action of sending an armed guard from the regular marine staff with the President was made necessary by the physical arrangements at "White Court," the estate upon which the Coolidge establishment will be maintained. Of far acreage, White Court faces upon a rocky and broken coast line. The estate is covered with trees and shrubbery, and although bounded by other private property, it has no wall of sufficient height to afford protection from malicious prowlers.

Every time a meal is served in which Schumacher's Meats comprise the main dish, we get another boost for quality, lusciousness—and our bill says most economical, too.

Our meats are well selected, juicy and tender. For the warm weather meal allow us to suggest:

Boiled Ham
BAKED HAM
Minced Ham
Pan Souse
Chip Beef
